How did you find your experience with Approved Leinster Windows? _____

Let us know below.

I found the team (2 men) very busy with their work until the sliding door was fully fitted and the job was completed to our satisfaction.

They were very thorough with their general handling of the work and observation with what their responsibility was on the assignment.

I would recommend your product and company to anyone looking for work to be replaced.

Too often today (in this day and age) work is carried out in a "slip shod" way, but in this case, it could not have been improved upon.

Yours Sincerely,

Pat Kavanagh
